What is Scandinavian and Baltic Studies?

You have heard about the Vikings, may have read the fairy tales of Hans Christian Andersen, played with Lego, or may have bought furniture from IKEA or clothes from H&M.

There is much more! This region has a long cultural history, and we offer you the chance to learn all about it.

At UBC, we teach about Scandinavia, the Nordic region, and the Baltic area, which include Denmark, the Faroe Islands, Finland, Greenland, Iceland, Norway, Sweden, Estonia, Latvia, and Lithuania.

Scandinavia Today

This whole area is a region of innovation and creativity. The social welfare system, public support to students, and social equity are among the most striking trademarks of these countries.

Today, this dynamic region benefits from its remarkable history of experimentation and exploration: information technology, fashion, arts, and design dominate the new job market in this era of globalization.
